## Archetypes of the Divine Cosmos

Beings from the depths of the cosmos appear in our solar system, titanic empyreal figures ushering forth a new age for mankind. These god-like aliens appear in the guise of the zodiac constellations, familiar concepts that mortals are able to comprehend. They have arrived to help guide humanity, leading us to a new, brighter, future.

Tauru

(the ram)

[element]: fire [ruling planet]: mars

#### Cosmic Challenger.

Leading the archetypes. Aries is an assertive and diligent force. They inject their heart and soul into any task and will devote themselves to it entirely to ensure their success. Aries is goal-oriented and prefers to go forth independently as they are not adept at working in a collaborative setting. Aries are prone to suffer from impatience and a short-temper, which can work against them should they be too focused. They confront a greater amount of pressure than most and can wear themselves out from doing more than they should or are capable. Aries' persistence proves their ability to be a valuable ally.

#### Positive Aspects:

focused, determined, strong-willed, passionate, natural <u>leader</u>

Shadow Aspects:

impatient, easily triggered, impulsive, short-sighted, self-serving

(**と** 

[element]: earth [ruling planet]: venus

#### Cosmic Lover.

A trusted archetype, Taurus offers dependable companionship, grounded in principles of creating a stable environment for self and others. They are known to be patient and focused on ensuring the home is properly settled, orderly, and comfortable. They are susceptible to too much comfort and can slip into monotonous behaviors. On the other hand, abrupt and continuous change can push Taurus over the edge as they consider it chaos, contrary to the stability they seek.

#### Positive Aspects:

πO

committed, meticulous, dependable, stable, trustworthy

#### Shadow Aspects:

materialistic, sensitive, laziness, uncomfortable with change, stubborn

### GEMINI\_ <the\_twins>

[element]: air [ruling planet]: mercury

#### Cosmic Intellectual.

A dual-archetype, Gemini wield various characteristics they can easily adapt to whatever situation they find themselves in. They will tap into their skills to blend in and make things work for them. This adaptable skill can also exhibit inconsistent behavior where others will have difficulty perceiving Gemini's true nature or even trust them fully. Luckily, Gemini tend to keep one foot in reality, allowing them to stand their ground and go about their business.

#### Positive Aspects:

m0]

entertaining, charismatic, good communicators, visionaries, adapt easily

Shadow Aspects:

indecisive, inconsistent characteristics, non-committal, superficial, embellishes reality

# CANCER\_

@**=** 

[element]: water [ruling planet]: moon

#### Cosmic Intuitive.

The caretaker of the archetypes, Cancer is most closely connected to the essence of the Moon. They are tethered to their emotions and exhibit a sympathetic and empathetic approach to living. As the Moon has phases, so do Cancers as they can easily change moods and behaviors. This can result in them feeling too much from what is going on around them. Relying on their perception supports them in maintaining harmony and awareness of their environment and those they care for.

#### Positive Aspects:

empathetic, perceptive, nurturing, dependable, in-tune with emotions

Shadow Aspects:

sensitive, moody, insecure, possessive, easily-stressed

શ 🖁

[element]: fire [ruling planet]: sun

#### Cosmic Elegance.

The archetype that beguiles, Leos are known for their noble and captivating nature, strength, and fiery adoration for life. Not one to linger in the background, Leos love the limelight and exude confidence easily admired by others. However, too much adoration can twist Leo's perception and push them to the point of vanity and pompous behavior, which can quickly crumble their spirit and take them on an emotional downward spiral. Keeping composure and holding their position is an effort best left to Leos.

#### Positive Aspects:

confident/ambitious, adventurous, humorous nature, generous, loyal

Shadow Aspects:

boastful, sensitive to criticism, vain, gullible, prideful

# VIRGO\_

mp

[element]: earth
[ruling planet]: mercury

#### Cosmic Coordinator.

The most practical of the archetypes, Virgo is known as a visionary strategist, determined to accomplish the task at hand. Although they are known to delegate and lead, when it comes to their own matters they can be chaotic and even neglectful. As a result, they may appear as "do as I say, not do as I do." Virgos prefer to assist and support others before focusing on oneself so as not to be perceived as selfish or self serving.

#### Positive Aspects:

organized, systematic, practical, detailed vision/execution, grounded

Shadow Aspects:

traditionalist, procrastinator, strict, critic, judgemental

### LIBRA\_ cthe\_scales>

[element]: air [ruling planet]: venus

#### Cosmic Balance.

A harmonious seeking archetype, Libra desires to maintain equity and balance in all things. They will listen and offer wisdom, ensuring they are giving as much of themselves as they are offered. That said, Libras are prone to do more than necessary to prevent any disruption or tension, which can offset the balance they thrive on. They can also become susceptible to extreme behavior and should make every effort to depend on their mental prowess to employ logic and keep the scales on an equal equilibrium.

#### Positive Aspects:

balanced, social, harmonious-nature, analytical, stylish

Shadow Aspects:

self-compromising, vulnerable, extremist, reactive, easily manipulated

Rho Oph Nebula

### SCORPIO\_ <the\_scorpion>

[element]: water [ruling planet]: pluto

#### Cosmic Mystery.

The most enigmatic of the archetypes is Scorpio. Known to be a keeper of secrets, they do not reveal much of themselves which garnishes the attention of others. Should a Scorpio open themselves, they will demonstrate a capacity to be thorough, passionate, and involved in what holds their interest. Irk their ire, and Scorpio will close up, withholding any sense of emotion or understanding. Their ability to control themselves can permeate into manipulating others which lends to their fame of being the most mysterious archetype to decipher.

#### Positive Aspects:

alluring, independent, persistent, strategic, curious

Shadow Aspects:

manipulator, tough character, secretive, envious, ruthless competitor

# SAGITTARIUS\_

<the\_archer>

[element]: fire [ruling planet]: jupiter

#### Cosmic Seeker.

An archetype with a taste for adventure, Sagittarius are seekers of life, desiring to experience everything they can. They exude great amounts of energy and are unwavering in satisfying their passions and interests. This approach to living makes them prone to moving too fast from one thing to another at any given moment, which lends to their unpredictable and ephemeral reputation. Sagittarius cannot be held down and are quick to show their displeasure until they refocus on whatever holds their attention.

#### Positive Aspects:

mo]

adventurous, free-spirited, energetic, philosophical, optimistic

Shadow Aspects:

undependable, neglectful, short-sighted, unpredictable, short-tempered Satur Sea\_goat.

**%** 

[element]: earth [ruling planet]: saturn

#### Cosmic Resilience.

The most goal-oriented of all the archetypes, Capricorn will go above and beyond to attain what they want in life. They are known to be dedicated to whatever work they engage in and go about it in a meticulous and efficient manner. Being a work-horse of sorts can place Capricorn in a precarious position of over-exertion, where they can easily burn out from trying too hard to be perfect. Capricorns are adept at holding their ground and moving steadily forward as long as they keep their own work-ethic in check.

Positive Aspects:

mo

responsible, perseverance, hard worker, organized, grounded

Shadow Aspects:

obsessive, stubborn, distant, perfectionist, prone to over-exertion

# AQUARIUS (the water bearer)

[element]: air [ruling planet]: uranus

#### Cosmic Dreamer.

An ethereal archetype, Aquarius appears to think and act beyond what seems possible for most. Their minds are very active with the ability to create, process, and approach the mundane in the most imaginative way possible. This is how Aquarius demonstrates their intelligence and capacity to think outside the box to get results. They have the tendency to go above and beyond the norm, making them seem too far removed from reality to be successful. However, they manage to find a way others wouldn't consider and that makes them stand out amongst the crowd.

#### Positive Aspects:

artistic, clever, high awareness, sociable, value uniqueness

Shadow Aspects:

emotionally detached, over-thinkers, flighty, resentful, high expectations

# PISCES\_

**X** 

[element]: water [ruling planet]: neptune

#### Cosmic Creative.

An archetype with a propensity for the creative, Pisces are apt at navigating life with natural talent. They think creatively yet are connected to their feelings and intuitively know how to approach their goals, providing an outlet to their visions. They are as good observers as they are producers. Should they be exposed to too much at once, they can become overwhelmed and sabotage themselves in an effort to not deal with day-to-day matters. Pisces prefer to go with the flow and feel alive.

#### Positive Aspects:

compassionate, friendly, imaginative, intuitive, non-judgemental

#### Shadow Aspects:

overwhelmed, emotional sponge, lack self-confidence, escapist approach to problem-solving, overly trusting

## OPIUCHUS\_ <the\_snake\_bearer>

**₩** 

[element]: water/fire [ruling planet]: chiron

#### Cosmic Insight.

Sharing characteristics of the Fire and Water element, Ophiuchus can be considered steam, the outcome when opposing forces come together to take another form. Ophiuchus is a knowledge seeking being, desiring to understand others and grow from the experience. However, should they lean too much into their emotions rather than logic, they must wrestle with finding the optimistic outlook in all things and exist authentically.

#### Positive Aspects:

πO

adaptive, insightful, good-natured, charming, justice-oriented

Shadow Aspects:

procrastinators, restless, critical, arrogant, anger-easily
